## FIERCE BATTLE RAGING IN LIUHANG

### WHAMPOA BOMBED

#### Train Passengers Thrilled

Canton, October 3. The air raid alarm was sounded shortly after noon but no Japanese planes appeared over the city but a reliable Chinese source states that seven planes dropped ten bombs in Whampoa causing damage to number of huts and the casualties included a Chinese woman who had just given birth to a child. Both were killed instantly. Passengers on the morning train from Hong Kong had a mild thrill in the vicinity of Shekpi when a warning was given and the majority of passengers, including many foreigners, took refuge under trees on the country side. They saw seven planes flying overhead but no bombs were dropped. The train eventually reached its destination some two hours late.—Reuter.

#### FIERCE AIR DUEL

Canton, Oct. 3: A fierce aerial duel lasting ten minutes, was witnessed over Whampoa Harbour this morning when a fleet of Chinese pursuit planes from Canton intercepted a number of Japanese bombers and engaged them in a dog-fight over the river. The Chinese fighters machine-gunned the Japanese planes from a higher altitude, forcing the invaders to flee.—Central News.

### THE TYPHOON

#### MAY PASS SOUTH OF COLONY

Mr. G. S. P. Heywood, acting Director of the Royal Observatory, told the "Daily Press" last night that if the typhoon continued on its present course it would pass about 180 miles to the south of the Colony in the early hours of the morning. Unless it changes its course a gale was not expected. Strong east winds and rain may be expected to-day.

There is no indication as to the severity or otherwise of the typhoon as no observations have been received from any ship close to the centre of the disturbance.

The local No. 1 signal was hoisted at 10 a.m. and at 3.30 p.m. a warning from the Manila Observatory gave the position of the typhoon as latitude 20 N, longitude 117 E, moving west-north-west.

The Royal Observatory report issued at 6.30 p.m. yesterday stated that at 2 p.m. the typhoon was situated about 100 miles south of Pratas Shoal, moving west or west-north-west.

#### U.S. SHIP WITH MEDICAL SUPPLIES

Shanghai, Oct. 3: A special vessel chartered by the American Red Cross is scheduled to leave San Francisco on October 5 for China with a huge load of medical supplies, according to a telegram received here to-day by the Chinese Red Cross Society from Dr. C. T. Wang, Chinese Ambassador to Washington.

The telegram also states that the American Red Cross is ready to send doctors and nurses if they are needed.—Central News.

#### R.M.A. DORADO

We have been informed by the local offices of the Imperial Airways (Far East) Limited that R.M.A. Dorado left here at 5.25 a.m. yesterday with two passengers (Messrs. R. Shinohara and M.C. Tuyn) for Penang, 5,882 kilos of freight and 242.419 kilos of mail.

### BOYCOTT OF JAPANESE GOODS IN INTERIOR

Kangting, Sikong, Oct. 3: A provincial-wide movement to boycott Japanese goods was launched here to-day and a special committee has been appointed to see that no further Japanese goods are imported into the province in the future. All shops and stores have

also been ordered to get rid of their Japanese stocks before October 10.

Meanwhile, small groups have been organised in the villages in the province to push the sales of the National Salvation Bonds.—Central News.

### MORE CIVILIANS KILLED

#### Paoshan Massacre

The news received in the Colony last night, from usually reliable sources, regarding the Sino-Japanese war was somewhat conflicting though it was stated that so far from relaxing their aerial activity the Japanese have apparently extended their own particular brand of warfare, namely the bombing of non-combatants and as a result some 220 Chinese civilians were reported to have been killed in the Paoshan sector when a number of Japanese planes flew over the place and unloaded their deadly cargo of bombs.

Insofar as the trench warfare is concerned the Chinese are reported to be holding out stubbornly in the face of extremely heavy bombardment from Japanese artillery positions and also from the air.

A message from Tokyo states that unable to resist the concerted attack by the Japanese landing parties, their air force and heavy artillery the Chinese first line of defence at North Szechuen Road has retreated. The fall of Kiangwan, also, is reported to be only a matter of mere hours but as both these reports emanated from a Japanese source and in view of the fact that confirmation is lacking, they must be treated with a certain amount of reserve.

#### JAPANESE CONCENTRATING ATTACK ON LIUHONG

Shanghai, Oct. 3: It is now learned that the Japanese are withdrawing their main forces from the Civic Centre and Kiangwan sectors to concentrate their attack on the Chinese positions at Liuhong and Lotienchen where fierce fighting is in progress.

For two days the Japanese have been pounding the Chinese lines at Lotienchen, but so far they have only advanced to Shenchia-war about one kilometre west of Lotienchen.

The Chinese claim the capture of Taping Bridge after a two-day close-range battle with the Japanese.

The Japanese have launched several attacks on the Chinese positions at Liuhong, but so far they have been held back. Although some of the Chinese defence works in this sector have been damaged, new defences are being hurriedly put up west of the Tachong-Shanghai Highway.—Central News.

### HEAVY LOSSES ON BOTH SIDES

#### JAPANESE CLAIM CAPTURE OF THIRTY-SIX VILLAGES

#### Routine Japanese Bombing

Shanghai, October 3: One of the fiercest battles since the hostilities began is now raging in the Liuhang sector where, according to a Japanese Army spokesman losses on both sides are heavy. It is claimed that the Japanese forces are using tanks of all types while the Chinese are shelling the Japanese positions with 15-centimetre long range guns from Tazang. The Japanese claims to have captured thirty-six villages around Liuhang. The Japanese claim that their advance on west Lotien is "progressing satisfactorily."

Windows in the western district of Shanghai rattled all day long as the Chinese guns blazed against Japanese lines. A Chinese spokesman announced that for strategic reasons Chinese troops along the Lotien and Liuhang highway had withdrawn a short distance without a hitch. Meanwhile, Japanese guns heavily shelled Chapel also Liuhang, north-west of Kiangwan, which was the scene of one of the bitterest engagements during the 1932 hostilities.

The Japanese planes continued their routine bombing to-day but according to the Chinese they failed to hit any defence works. A Japanese transport is reported to have been struck, though badly, by a shell from Chinese guns at Pootung. The Japanese warships' reply started a big fire which at nightfall lit the whole of the sky in the eastern district as the flames consumed a block of unidentified buildings.—Reuter.

General Pei Chung-hsi who commands the Chinese forces in the Shanghai war area.

#### VISIT TO CIVIC CENTRE

Shanghai, Oct. 3. Reuter's correspondent visited the Civic Centre this afternoon and found the Japanese still in possession although the Chinese do not appear to be far away. There is considerable Japanese movement of infantry and cavalry in this sector but no actual fighting. The battle around Liuhang was still in progress and the Chinese position in Chapel was again subjected to much bombing and shelling to-day.—Reuter.

#### JAPANESE PLANES BOMB QUINSAN

Shanghai, Oct. 3: Eight Japanese bombers raided Quinsan on the Nanking-Shanghai Railway line not far from Shanghai, early this morning and released scores of bombs in the vicinity of the station. A number of buildings were damaged but no one was killed or hurt.

Later in the afternoon, three planes scouted up the railway and dropped a number of bombs near Kashing. The damage is unknown.—Central News.

#### MORE CHINESE REFUGEES RETURN FROM JAPAN

Shanghai, Oct. 3: Another batch of Chinese refugees from Japan, numbering 270 men, women and children, arrived here to-day aboard the French liner Cheonan-ceaux.—Central News.

#### JAPANESE DEAD AND WOUNDED SENT TO JAPAN

Shanghai, Oct. 3: A Japanese Red Cross ship left here this afternoon carrying over 1,000 dead and injured Japanese soldiers for Japan. It is learned that these soldiers were killed and injured during the last few days in the Lotienchen-Yanghong sector.—Central News.

#### FISHERMEN DEPRIVED OF LIVELIHOOD

Canton, Oct. 3. A Kwangtung Provincial Government spokesman in reply to the Japanese Admiralty statement on the sinking of junks in South China waters declared, inter alia, that these acts had deprived thousands of innocent Chinese fishermen of their livelihood.—Reuter.

#### 2,500 JAPANESE TROOPS REACH SHANGHAI

Shanghai, Oct. 3: Two large Japanese transports arrived here to-day and landed 2,500 troops in the Yangtsepo district. A large number of field pieces were also unloaded.—Central News.

BEGGARS KILLED AND INJURED Shanghai, Oct. 3. Three Japanese bombers reconnoitred over Footong and Nantao to-day in an attempt to locate the Chinese positions. The planes flew low over Nantao and strafed the streets with machine-guns, killing and injuring 20 beggars.—Central News.

#### WILL "WORK" JAPANESE VESSELS

#### STATEMENT BY N.Z. PREMIER

Wellington, Oct. 3: Mr. M. J. Savage, Premier of New Zealand, to-day announced that the Federation of Labour and the Waterside Workers Union had agreed to advise affiliated bodies to "work" Japanese vessels which the dock workers and waterside workers had threatened to boycott as a protest against Japanese activities in China. The Cabinet had a three-hour conference with the leaders of the Federation of Labour and the Waterside Workers Union. It is understood that the Government took a serious view of the situation.—Reuter.

Rear-Admiral Mitsumasa Yonai, Japanese Navy Minister.

#### PLOT AGAINST GOVERNMENT

Rio de Janeiro, Oct. 3. The Government was issued a proclamation for war for ninety days, it is reported owing to the discovery of a serious communist plot to overthrow the Government. Official circles state that if the proclamation was declared with one minute's delay, there would have been a loss of hundreds of lives and the situation would have been very serious.—Reuter.

#### SHANGHAI NOT TO BE AFFECTED BY SHANSI

Shanghai, Oct. 3: Commenting on the temporary withdrawal of the Chinese forces at Pingyuan-kwan in Shansi, a high Chinese commander told a Central News Agency correspondent that the situation in Shanghai and elsewhere will not be affected. He added that heavy reinforcements are being rushed north to check the Japanese advance. Expressing deep gratification over the firm stand put up by the Chinese in Shanghai, the commander declared that the Japanese have not made any progress in the present "big push" which has cost the Tokyo government a heavy price in men and materials.

Although thousands of Chinese soldiers have sacrificed their lives, those who still live to carry on the fight have not murmured one word of complaint. This clearly shows that the officers and soldiers realize that they are not merely fighting for the liberation and freedom of China but for world peace as well.

He cited the example of the Chinese battalion at Paoshan which was wiped out, adding that without such a spirit the Chinese could not carry on this war with Japan.—Central News.

### JAPANESE DRIVE INTO CHAPEI CHECKED

#### Chinese Recover Original Positions

Shanghai, October 3: Chinese and Japanese forces, from early this morning till late this evening, were engaged in a series of bloody encounters off Range Road and Paoshan Road in the Chapel sector and although the Japanese, driving forward by tanks, occupied two strategic positions they were finally driven out and the Chinese are still holding their original positions.

The fighting to-day is described by observers as one of the worst encounters to date and both sides lost heavily in men and materials. Chinese headquarters claim that over 1,000 Japanese were slain during the day.

With reinforcements from Kiangwan brought up and planes zooming overhead, Japanese infantrymen, preceded by tanks, launched an attack on the Chinese positions on Paoshan Road in Chapel, at 8 o'clock this morning. Fighting lasted till 10 o'clock when the attackers were forced to retire. Half an hour later, with fresh reinforcements brought up, the Japanese attempted for the second time to smash the Chinese resistance. Fighting at close range continued until one o'clock in the afternoon. Being outnumbered, the Chinese were forced to withdraw and the Japanese occupied the Chi Hsin Girls' School and the Catholic Church.

Shortly after dark to-night the Chinese brought up crack reinforcements and a "dare-to-die" corps armed with hand-grenades launched a fierce counter-attack on the Japanese. Taken by surprise the Japanese withdrew in utter confusion as the attackers hurled their deadly missiles at the fleeing troops.

The Chinese have recovered all their original positions, but it is generally believed to-night that further fighting will break out to-morrow morning.—Central News.

### BOCCA TIGRIS FORTS INTACT

#### Despite Attacks By Japanese

Canton, October 3. At a special invitation of Admiral Chan Chak, a representative of the Central News Agency to-day visited the Bocca Tigris Forts, the main Chinese fortifications guarding the river leading to Canton.

The visitor, accompanied by the commander of the forts toured the fortifications and found the defences intact despite the two attacks from Japanese warships last month and the repeated aerial bombings from Japanese planes.

All the huge cannons were in their places and sentries on duty kept a close look-out for invading warships and bombers.

Admiral Chan told the representative that the first Japanese bombardment occurred on September 15 when vessels anchored off Chekwan shelled the forts. The Chinese cannons replied, scoring direct hits and sinking one of the destroyers. The second attack took place a few days later and during the shelling one Japanese warship was damaged but managed to escape.—Central News.

#### BASEBALLER AMONG KILLED

Among the Japanese killed in action in the Sino-Japanese conflict is the famous baseball pitcher, Matsumoto, who was an expert in throwing hand grenades, states a "Reuter" message from Shanghai.

### Chinese Bombs Score Direct Hits On Japanese Mills

Shanghai, Oct. 3: According to reports brought back by Chinese fliers, during the aerial attack on the Japanese positions in the Yangtsepo district Friday and Saturday night, a number of bombs scored direct hits on the Dah Kang

Cotton and Spinning Mill and the Kung Dah Cotton and Spinning Mill, where Japanese forces are concentrated. It is claimed that heavy damages were inflicted on the Japanese in both places.—Central News.

## NORTH CHINA WAR NEWS

## REUTER'S MAN'S ESCAPE

Shanghai, Oct. 2: A thrilling experience befell Mr. C. W. Olsen, a member of Reuter's staff, during the Chinese air raid last night.

Mr. Olsen was sleeping at his home in the Bubbling Well Road district when an anti-aircraft shell went through the roof and pierced a book three inches thick lying on a table four feet from his bed. It plunged through the floor and ended its career in the dining room below.

The shell did not explode, but the table was smashed and the contents littered the floor.—*Reuter.*

## JAPANESE WITHDRAWAL FROM KIANGWAN CONFIRMED

Soochow, Oct. 2: A reliable report from the front received here to-day confirms the withdrawal of the Japanese forces from the south-eastern section of Kiangwan, particularly Chinchihsiang, Tichihsiang, Yushihsiang and Wuchihsiang.

It is also reported that the Japanese at Tanchihsiang in Chapel and Changchihsiang near Shui Tien Road have also moved backward. These latter places have been re-occupied by Chinese forces.—*Central News.*

## BIG FIRE IN TIENSIN

Hankow, Oct. 2: According to reliable information received here, a huge fire broke out in a Japanese godown in Tientsin on the night of September 28 and totally damaged a huge stock petroleum stored in the building. Fanned by a strong wind the flames swept through the structure and was finally brought under control after ten hours. The Japanese authorities are investigating into the origin of the fire.—*Central News.*

## BRITISH SOLDIER SEES HOW CHINESE TRIO OUTWITS JAPANESE

Shanghai, Oct. 2: An almost unbelievable story of how three Chinese soldiers behind sandbags on Poshan Road in the Chapel sector have cleverly repulsed several attacks from Japanese marines during the past week was told by a British soldier on duty on North Honan Road to a Central News Agency war correspondent.

The post where the British soldiers are on guard is adjacent to the Chinese territory. From a strategic position he has commanded a grandstand view of what had actually gone on "behind the lines" under the Chinese control.

According to the British soldier this trio had guarded the strategic sandbag unit for over a week. On several occasions when a Japanese column, usually numbering 100 marines, advanced on that particular sandbag, the British soldier saw two of the Chinese soldiers hand their tin hats to the third member while they, carrying machine-guns, disappeared from the scene. At this point, the British soldier confessed, he was "worried" about the lone defender, believing that the Chinese would certainly be outnumbered and killed when the Japanese reached the barricade.

The lone Chinese soldier would wear his own tin hat and place his comrades' on each of his hands. Then he would lift the hats just high enough to show above the sandbags. The Japanese, not knowing the exact number behind the sandbags and believing they had been spotted would get on their hands and knees, crawling towards their goal.

The British soldier declared that he held his breath as the Japanese moved closer. Then suddenly a hail of bullets rained on the crawling Japanese from two directions, killing and injuring scores of the marines while the remaining fled for their lives.

It was later discovered that the two Chinese soldiers with their machine-guns headed for other outposts nearby and sprayed the Japanese from the side while their other member kept attracting the invaders.

The British soldier said he had witnessed several attacks like this in which the Chinese outwitted the Japanese.

He also disclosed that the British troops were on very friendly terms with the Chinese and "exchanged" beer for Chinese "yellow wine" across the barbed-wire entanglements separating the Settlement from the Chinese territory in that area.—*Central News.*

## VACATED BUILDINGS BOMBED

Shanghai, Oct. 2.

In the course of routine bombing operations to-day the Japanese raided, among other places, the vacated buildings of the American-owned Southern Baptist Mission, north-west of Chapel, which has been hit and damaged several times since hostilities began.

The buildings are alleged to be occupied by Chinese troops. The Litten-Luhang highway, according to a Chinese spokesman, has been crossed and re-crossed by the contending forces.

In Tokyo, the War Office claims that the Japanese troops have driven a wedge into the Chinese positions in the Lihung area, and asserts that 500,000 Chinese troops are massing round Shanghai to meet the Japanese advance.

The position in the Civic Centre area, at Kiangwan is extremely obscure, with the Chinese claiming advances which the Japanese emphatically deny.—*Reuter.*

## RUMOURED "PEACE TALKS"

Shanghai, Oct. 2: The statement given out to foreign newspaper correspondents by a Japanese spokesman to the effect that China had recently opened "peace negotiations" with Japan has brought forth a sharp denial from Mr. O. K. Yui, Mayor of the City Government of Greater Shanghai. Mr. Yui branded the statement as "utter fabrications" with ulterior motives.

A high Chinese commander who has just returned from the front, told Mayor Yui to-day that the Japanese have been spreading rumours stating that they would be able to liquidate the hostilities in Shanghai before October 15. This rumour was circulated with the object of inducing the Chinese to voluntarily withdraw from their present positions.

When questioned as to the possibility of the Japanese carrying out such a plan, the commander laughed and wondered whether the Japanese meant October 15, 1938 or 1939. He stated that the Chinese lines are still intact.—*Central News.*

## JAPANESE WITHDRAWAL FROM CIVIC CENTRE

Shanghai, Oct. 2: Information emanating from reliable quarters revealed that the Japanese withdrawal from the Civic Centre and Kiangwan sectors to Jukong Wharf, Woosung and Yangtsepoo was decided upon at an emergency conference held on the night of September 30. All high Japanese commanders in the Shanghai area attended the meeting, including General Matsui and Admiral Hasegawa.

Further plans for the future were also reported to have been reached at the conference.—*Central News.*

## MORE VILLAGES BOMBED

Shanghai, Oct. 2: Three Japanese planes scouted over the area west of Shanghai this afternoon and dropped seven bombs on Pungchen, killing three civilians and sinking three ferries. Later in the afternoon one lone bomber flew over Siccawei and strafed the villages south-west of French Concession boundary with machine-guns.

## THREE JAPANESE AVIATORS TAKEN PRISONERS

Soochow, Oct. 2: The Three Japanese aviators who were shot down in their plane near Kashing on Sept. 29 and who managed to escape have been caught by the railway guards. The three fliers were found hidden in a small temple about one mile from Wangtien near Kashing.—*Central News.*

## FIERCE FIRES RAGE IN CHAPEL

Shanghai, Oct. 2: Three fires raged throughout the night along Poshan Road in Chapel following the Japanese aerial bombardment late yesterday afternoon. As no attempts have been made to extinguish the fires the flames continued to eat their way through the already ruined buildings left remaining in that area.—*Central News.*

## JAPANESE REPAIRING RAILWAY

Hankow, Oct. 2: To facilitate the transportation of military supplies and reinforcements, the Japanese have decided to repair the railway linking Chengteh, provincial capital of Jehol province, with Peiping. A thousand workmen have been engaged from Jehol to take charge of the work which is expected to be completed in two months.—*Central News.*

## CHINESE SEIZE JAPANESE FIELD PIECES

Nanking, Oct. 2: According to a telegram received here to-day from General Han Fu-chu, Governor of Shantung province, the Chinese forces launching a counter-offensive along the Tientsin-Pukow line last night, seized 30 Japanese field pieces and a large quantity of military supplies at Hsuangyuan. The Chinese are reported to be moving slowly up the line.—*Central News.*

## JAPANESE MOVING SUPPLIES

Shanghai, Oct. 2: Fearing further destruction by Chinese shells fired from the Footing sector, the Japanese to-day started moving huge quantities of munitions and military supplies from the storehouses in the eastern district of Shanghai in the International Settlement to the Yufoong Cotton and Spinning Mill in the Yangtsepoo district.—*Central News.*

## HONG KONG ARMS DEPOT FOR CHINA Japanese Allegation

Tokyo, Oct. 2. The supply of war material by British firms to China, including aeroplanes and anti-aircraft guns, with the alleged assistance of the British authorities at Hong Kong is strongly attacked by the newspaper "Nichi Nichi."

The newspaper asserts that as a result of negotiations between the British Charge d'Affaires, Mr. R. G. Howe, and a Nanking Government representative, General Chen Chia-yu, the Nanking Government has established an office at Hong Kong to arrange for forwarding to China munitions and other war material which, the paper says, is landed in the Colony and transported to Canton by the Kowloon-Canton Railway and by steamer. The paper asserts that up till September 19, twenty-three British

## LEAGUE GRANT TO CHINA To Be Materially Increased?

Geneva, Oct. 3. A proposal to materially increase the credits usually granted annually for technical co-operation with China in order to combat epidemics was referred by the Assembly to the Fourth Financial Committee.

Earlier the Committee unofficially discussed the question and decided, in principle, in favour of increasing the credit.—*Reuter.*

ships transporting war material to China had passed Port Said.

The paper proceeds to enumerate various consignments of war material, which have allegedly reached Canton via Hong Kong. The consignments, it is claimed, included aeroplanes, explosives, anti-aircraft and other guns.—*Transocean News Service.*

## HAN FU-CHU'S TESTING HOUR

Peiping, Oct. 2.

Japanese military circles here claim that the capture of Tai-chow by Japanese troops advancing in Shansi Province is an extremely important success from the strategic viewpoint, since the road to Yenmen Pass is now completely opened up.

The Chinese troops defending the Pass have begun to retreat, the Japanese say, and capture of Tai-yuanfu, the provincial capital, is confidently expected by the Japanese within the next few days.

Several Japanese columns are reported to be advancing on Tai-yuanfu, the population of which is fleeing south.

Japanese troops operating south of Tientsin, it is alleged, have captured the village of Sanyuan-chen, and in parts have actually crossed the border into Shantung Province.

The Governor of Shantung, General Han Fu-chu, is therefore compelled, say the Japanese, to decide immediately whether he will surrender to the Japanese or fight with the Central Government and throw his army of between 50,000 and 60,000 men into action against the invaders.

If General Han Fu-chu decides to fight, Shantung, which hitherto has escaped the horrors of war, will probably become one of the most important theatres of war in the very near future.

## JAPANESE SEIZE ISLAND OFF KIANGSU

Hsuehchow, Kiangsu, Oct. 2: The Japanese warships which have been blockading the Kiangsu coast, have seized Hsien Island off Lienyunkang Harbour, according to latest information received here.

Japanese marines were landed from the vessels yesterday and immediately took possession of the island.

A large number of Chinese fishermen residing on the island have been forced to help the Japanese marines to build fortifications on the island.

It is believed that the Japanese will shortly plan to seize all islands along the China coast.

Chinkiang, Oct. 2: A fleet of Japanese planes yesterday afternoon subjected Kiangyin, important Yangtze river port mid-way between Shanghai and Nanking, to another aerial attack. Five bombs were dropped but the damage is reported to be slight.

Earlier in the day five planes scouted over Soochow, Ning, Kwangteh, Chuyung, Wuchin and other cities in Kiangsu province. No bombs, however, were dropped.

## CHINESE REPULSE JAPANESE ATTACK

Shanghai, Oct. 2: A Chinese mechanised unit, swinging into action for the first time, repulsed a Japanese tank attack in Chapel early this morning.

The Japanese tanks, closely followed by several hundred troops late last night, moved slowly into the Chinese territory from Chungchou Road and Jukong Road in an attempt to rout the Chinese holding East Paoshing Road.

Upon seeing the "iron wall," the Chinese immediately despatched a number of tanks and armoured cars to meet the attackers and a fierce duel between the tanks ensued. The fighting raged through the night as the opposing tanks fought hard to drive each other out.

With fresh reinforcements from the rear, the Chinese used anti-tank guns, driving back the Japanese machines early this morning.

It is claimed that during the fighting 120 Japanese were killed on East Paoshing Road, and 90 on Jukong Road, including four officers.

## FOREIGNERS LEAVE TAIYUANFU

Shanghai, Oct. 2.

The majority of foreigners living in Taiyuanfu, capital of Shansi Province, have left their homes owing to the increasing danger from Japanese air raids, and have established themselves in Sianfu and Yangchuan.

Nothing is known of the fate of missionaries in Chowchow and Fanzse, in north Shansi, both of which towns, according to latest reports, have fallen to the Japanese.

## JAPANESE CLAIM STRATEGIC SUCCESS

Peiping, Oct. 2.

A major strategic success in north Shansi is claimed by the Japanese military authorities in a "communiqué" which states that Chinese troops were forced to abandon the famous Yenmen Pass when they were out-flanked by a Japanese column from the east.

Crossing the inner loop of the Great Wall, the Japanese fought their way southward over a mountainous terrain, and occupied yesterday evening the city of Tai-chow, which is south-east of the Yenmen Pass and 80 miles north of Taiyuanfu, the capital of Shansi.

The loss of Yenmen Pass gives the Japanese access to Taiyuanfu across a broad, open valley which is difficult to defend. Many of the Chinese troops operating in this sector belong to the Eighth Route Army, consisting of former Communists commanded by General Chu Teh.

CAPTURE OF TAI-CHOW

Peiping, Oct. 2.

A severe battle preceded the capture of Tai-chow, the Japanese scaling the wall in the face of a fusillade of rifle and machine-gun bullets. When they reached the top they hurled hand-grenades among the defenders, the battle continuing in the streets of the city for three hours before the occupation was completed.

Meanwhile another Japanese column captured Taiyung to the east of Tai-chow, after crossing the Great Wall at Pingchiwan Pass, where, it is reported, they suffered severely at the hands of the Communist troops before forcing a passage through to the town.

A third Japanese force seized Ningwu to the west of Yenmen Pass.

The vanguard of Japanese troops in the Tsinngu railway zone has reached Lienchen, ten miles from the Shantung border, while another force has taken Shienhsien, to the west of the railway.

Defying Japanese anti-aircraft guns, a single Chinese aeroplane raided Patingfu yesterday morning and bombed the railway station.

## JAPANESE RAIDERS REPULSED

Canton, Oct. 2: Chinese pursuit planes to-day successfully repulsed three attempted air raids over Canton by Japanese bombers.

When the first alarm was received here at 8.30 a.m., the Chinese machines took off for Bocca Tigris Ports where they intercepted three Japanese bombers from Tongkwan flying towards the direction of Canton. When the Japanese fliers saw the Chinese planes they released several bombs on Pasha and turned tail.

The second attempted air raid occurred at 1.40 p.m. when Chinese planes repulsed four Japanese machines over Whampoa.

During the third raid at 3.20 p.m. two Japanese planes staged an aerial combat over Shimen with the Chinese pursuit machines but were finally driven away.

Further reports received here revealed that 11 Japanese bombers late in the afternoon scouted over Chekwan in Paonan district, not far from Hong Kong and strafed a number of villages with machine-gun bullets.

Chinese sources allege they heard firing from down the river this morning, which may have been a convocation of an international bombardment of the Bocca Tigris forts.

## THREE-POWER CONFERENCE ON SPAIN

### Invitation To Italy To Participate

Paris, Oct. 2.

The Anglo-French invitation to Italy to take part in a three-Power conference on Spain has been drawn up, sanctioned by London and Paris and cabled to Rome to-day.

Gist of the text is to the effect that the British and French Governments desire to recall to mind assurances made at Geneva by Signor Bova Scoppa, the Italian delegate, that no fresh Italian volunteers would be sent to Spain and that Italy has no designs of a territorial character in Spain.

The Note suggests that the time has now come to translate these assurances into reality. It will aid the conference if a date for withdrawal is made and arrangements are proceeded with for withdrawal.

The British and French Governments desire at the same time to recall to mind the British compromise proposal by which any substantial progress in the question might be combined with recognition of the claim of the Spanish Nationalists to legitimacy.

"SUBSTANTIAL PROGRESS" Under "substantial progress" would be understood evacuation of Italian air and naval bases in the Balearic Islands and in Spanish Morocco.

It is said in French official circles that the tone of the Note is not unfriendly.

No attempt is made, however, to minimise the difficulties that will have to be overcome.

From Milan comes a message stating that in comment on the Note, "Popolo d'Italia" says that the non-intervention committee is the proper place for discussion of problems connected with Spain. The paper's diplomatic correspondent affirms that the Italian Ambassador in London, Count Dino Grandi, in his fresh conversation with the Foreign Secretary, Mr. Anthony Eden, drew attention to the inexperience of the proposed three-Power talks, especially in view of the fact that such a conference would be held under pressure of the French Government's threat to reopen the Pyrenean frontier.

## SUSPENSION OF NON-INTERVENTION

Geneva, Oct. 2.

Although the League drafting committee passed its resolution on withdrawal of foreign volunteers from Spain, that part of the resolution which contains the threat to suspend non-intervention, met with the disapproval of some of its members, notably the Irish delegate, Mr. Eamonn de Valera.

Mr. de Valera declared himself against the dropping of non-intervention in the event of refusal to withdraw foreign volunteers.

He maintained that whatever happened, non-intervention must continue as the best policy to be pursued.

It was the right policy to be applied to Spain and it was also in the interests of European peace.

This view was also expressed by the Portuguese delegate.

Sweden and Yugo-Slavia spoke in favour of the resolution while M. Maxim Litvinoff (Russia) maintained that the threat to suspend non-intervention was the most important point in the resolution, which he declared must be accepted by the League as it stands, or otherwise Valencia must be given the right to obtain all the war material it requires.

## CAMPAIGN OF TERRORISM

### Palestine Government Institutes Action Against Suspects

London, Oct. 2.

The following official communiqué was issued in Jerusalem yesterday. "The Palestine Government has been gravely concerned by the existence of an organised campaign of terrorism and assassinations directed against individuals in this country."

"During the last four months, the campaign has become intensified in its activities. The action now being taken is the direct result of this murder campaign."

"On 13th June, an attempt was made to assassinate Mr. R. G. B. Spicer, of the Police Force. There followed a number of assassinations of both Arabs and Jews, the campaign culminating on 26th September in the dastardly murder of Mr. L. Y. Andrews, the District Commissioner of the Galilee District and of a British constable, P. R. McEwen."

"The Officer Administering the Government has therefore, found it necessary to institute action against certain persons whose activities have been prejudicial to the maintenance of public security in Palestine and who must thus be regarded as morally responsible for these events."

### PALESTINE DEFENCE ORDER

"In virtue, therefore, of the powers taken by the Officer Administering the Government by regulations made under the Palestine Defence Order in Council, 1937, the Arab Higher Committee and all national committees in Palestine have been declared to be unlawful associations."

## BRITISH FUNDS FOR CHINESE SUFFERERS

### Hong Kong Governor To Assist In Distribution

London, Oct. 1.

The appeal for relief for Chinese sufferers, originally launched by Sir Abe Bailey and supported by several high Church of England dignitaries, is to appear in all the newspapers on October 2.

The signatories "base their appeal upon the broad human ground that the conflict is occasioning terrible suffering in all forms to untold numbers of Chinese," and they anticipate that Shanghai will have to provide in the near future for half a million destitute, while Tientsin, Peiping, Hankow, Canton and many other centres are faced with similar problems.

The appeal emphasises that resources in the British hospitals in China are being strained to the utmost despite the heroic efforts of the hospital workers. Money and material contributed in England will be sent to China and administered by an organisation of which the British Ambassador to China will be President and the Governor of Hong Kong Vice-President.

The signatories include, in addition to the Archbishop of Canterbury and the Archbishop of Westminster, such names as the Archbishop of York, the Moderator of the Church of Scotland, and leaders of the principal Free Churches, the Chief Rabbi, Lord Willingdon, Lord Bearsted, Lord Samuel, Lord McGowan, Lord Litwoll, Sir Abe Bailey, Sir Charles Addis, Sir Cunliffe Owen, Sir Kenneth Stewart, Sir Denison Ross, Sir George Macdonogh, Mr. Adrian Charles Morel, M.P., and other notables.

## INDIGNATION AGAINST JAPAN

London, Oct. 2.

Public opinion in Britain, as voiced by the press of all political shades, is becoming even more hostile to Japan, and the newspapers continue to publish numerous letters from readers indignantly protesting against the Japanese aggression and methods of warfare.

Political circles anticipate that the Labour Party Conference, which opens at Bournemouth to-day, will demand early convening of Parliament.

On the other hand, the Government continues to observe a cautious attitude.

The Minister of Transport, Dr. Edwards, speaking at Peebles, in Scotland, this evening, said that the British Government must do everything in its power to restore peaceful relations in the Far East.

He gave no hint of the Government's future attitude, however.

## REVIEW OF JAPAN'S POLICY

### "Disrupting Peace"

Tokyo, Oct. 2.

In the course of an extensive review of Japan's policy in the present Sino-Japanese conflict, a spokesman at the Foreign Office declared that Japan desired neither foreign mediation for her dispute with China, nor the conference to deal with the controversy.

Japan is "determined to fight to the bitter end until China reconsiders her attitude, and drastically alters her anti-Japanese policy," said the spokesman.

Moreover Japan had no desire to destroy China, but merely wished to eradicate those elements which were "disrupting peace" in an open alliance "with the greatest element in the world's unrest—Communism."

The spokesman added that Japan wanted neither to make China solely dependent on her, nor to take any part of China's territory. All Japan desires is co-operation resulting in a "new era of fruitful development and constructive prosperity."

Belgrade, Oct. 3.

Reference to the Spanish war and the experiences gained therein in tank warfare was made to-day by General Gamelin, Chief of the French General Staff, who has been attending the Yugo-Slavian army manoeuvres.

In an interview, General Gamelin told journalists that although the modern army needs to be highly mechanised, nevertheless it should not be forgotten that tanks alone, no matter how many were employed, do not constitute the decisive factor in warfare.

Spain, he added, had proved this many times.

Main item, said General Gamelin, was systematic organisation of war industries, which must be thoroughly protected against air attacks.

General Gamelin, accompanied by the Czechoslovakian Defence Minister, M. Machnik, visited several Yugo-Slav military establishments this morning.

He leaves Belgrade for Rumania to attend the autumn manoeuvres of the Rumanian army, which begin on October 10.

## ANNUAL OUTING FOR BLIND GIRLS

(To the Editor, "The Hong Kong Daily Press".)

May I, through your columns, express our sincere and grateful thanks to all those who so kindly contributed to the success of the above outing on September 25 by donations and loan of cars. The response to our appeal has been generous indeed, so that in addition to the outing, refreshments, and gifts of towels, handkerchiefs and soap to each of the 55 girls of the Industrial Home for Blind Girls at Pokfulam, and a special supper of chicken and roast pork, we are able to hand over to Miss Hacker, the Superintendent in charge of the Home, enough funds for the purchase of new dresses and other necessities for the girls for the coming Chinese New Year.

Since our last acknowledgment of the sum of \$386, we have received further donations from "Guests Victoria Hotel" \$16, "J. & G." \$10, Mrs. Hallows \$5, Mr. B. W. Bradbury \$10, and Miss D. P. Burslem \$2, making a total of \$434.

Our thanks are due to A. Friend and Mr. M. R. Deb for invaluable help, to Dr. and Mrs. Li Tsoo-yu for hot water for tea, the Kowloon Confectionery for cakes, Messrs. On Lok Tuen for sweets, Mr. B. C. Randall and the Flying Squad as escort for the afternoon and Messrs. W. R. Loxley and Co. Ltd., for cosmetics.

We wish also to record our thanks to the Press for the publicity afforded to our appeal and the acknowledgments published in their papers from time to time.

In conclusion, we would like to thank all those who so kindly gave up their time and assisted at the outing—their help had been indispensable indeed.

She won a competition for entertaining, the prize for which was a voucher to be spent at any shop. But Miss Baldwin said that that was no use to her, as she was blind, and could not choose anything.

Asked what she would like instead, she replied "I'd like to broadcast."

Accordingly she sang a song during a dance band performance which was broadcast. None of the dancers knew that she was blind. Miss Baldwin lost her sight suddenly two years ago.

## WAR TO THE DEATH

Whatever hopes may have been entertained, nay, cherished, in the earlier stages of this fearful Sino-Japanese conflict to the contrary, it must by now have become painfully patent even to enthusiastic optimists that Japan has actually launched a full-dress national war against China, deliberately employing every known and every improper mode of attack in the furtherance of a policy which, for rapacity and ruthlessness, has no parallel in the annals of modern or ancient history.

Having dropped the mask of hypocritical amicability which was used to hide its real designs, the Government of Japan has now bluntly told the world to mind its own business whilst Japan goes about her business, to wit, the violation of China's national rights and territory.

To us it seems that Japan will stop short of nothing less than the complete subjugation of China till that nation is reduced to a state of grovelling dependence similar to the state of affairs now existing in Manchuria. It is a most unpleasant prospect, but we are absolutely confident it will never be realised, mainly because of two reasons; firstly, because of the indomitable courage and loyalty of the people of China to their Government and themselves, and secondly, because the working-class masses of Japan must inevitably take action against their military terrorists who have reduced representative government to a mere sham.

It is surely particularly significant that throughout the world the lead in opposing Japan has been taken by branches of the Labour Movement. Now other sections of communities, expressive of more conservative thought, are preparing to so organise the forces of resistance to Japan that it seems we are on the brink of most momentous happenings.

At present most of the planning is concerned with the economic aspect. A world-wide boycott of Japanese goods would be fine, and we think it will not be very long now before such a boycott becomes an accomplished fact. It matters not in the slightest what attitudes Governments take. The people have the power and, we hope, the will also, to cripple completely Japan's entire export trade.

Crushing as that blow would be, it must not be forgotten that there is not one solitary instance in the vast realm of the history of the world of any nation having become bankrupt through war. It will be recalled that when Germany violated the international neutrality law by trampling on Belgium and thus contributed to the most disgraceful carnage the world has known, it was generally commented that Germany could not last for more

His Excellency Mr. N. L. Smith attended the cocktail party aboard the P. and O. s.s. Corfu last Friday.

than six months. "She held the world at bay for over four years and in all probability she could have held out for much longer but for the fact that political exigencies forced the hands of the military terrorists who had so misled that particular nation as the rulers of Japan are doing to-day. No, great and good as an economic boycott of all things Japanese would be, yet it must not for one moment be presumed that by means of such a weapon Japan can be curbed in her mad and maddening career.

It is our firm opinion that, provided Japanese politico-social thought remained sufficiently slavish to the imperious ruling class of that country, then Japan could wage a war of aggression for at least three years, economic boycott notwithstanding. No, what is demanded at the present juncture is that positive physical action be taken, and in that connection Britain has a very heavy responsibility.

Whatever other nations may or may not do is entirely beside the main point which is simply this, namely, the British Commonwealth of Nations is so vitally interested in the Pacific and her commitments are so considerable that it would be sheerly suicidal to espouse a negative policy at this advanced stage of hostilities. Singapore, with all the millions sterling contributed by the Dominions fringing the Pacific, was not built in a day or for fun. Australia, with a population of just over 6,000,000 is not inflicting a Defence expenditure of £10,000,000 for the current financial year on her already very heavily taxed citizens merely because she is desirous of "making a show." Likewise with New Zealand. These two countries, so handsomely endowed by nature and affording a brilliant prospect of eventually absorbing a population at least as considerable as that of Great Britain to-day, are not afraid of Japanese designs upon their virgin lands but they certainly entertain a wholesome suspicion and they maintain eternal vigilance as a toll to Liberty.

It is not in terms of Britain that His Majesty's Government must act, but in terms of Empire, and the indications are perfectly clear that when Britain does decide to take positive action in the Pacific then the parties to the Statute of Westminster will not lag in following so popular and proper a lead.

It is war to the death. Japanese imperialism has made this damnable contribution to Twentieth Century Civilization—and humanity cries out loudly that Japan must be taught a lesson once and for all. The sooner the better.

## If Gossip We Must

(BY SPECTATOR)

The cocktail party given on board the s.s. Corfu to celebrate the Centenary of the P. & O. S.N. Co. was a great success.

The big ship was beautifully lit and decorated and from an early hour the ferries were crowded with guests making their way to the party.

His Excellency the Officer Administering the Government came with Mrs. Smith and Miss Judith Smith and was met by Hon. M. T. Johnson. Mrs. Smith was a graceful figure in a long pale frock with a large hat while Miss Judith Smith wore a dress of red and white with a short coat in a darker shade of the same material.

Mrs. Dicken, who came with her husband, Commodore E. B. C. Dicken, was also in red, with a most attractive off-the-face hat. Mrs. Mason, looking very pretty, was wearing a large black hat. I could not see her dress as she was completely surrounded by a large crowd of friends. Mrs. Compton looked strikingly handsome in black and white and Mrs. Croucher had a smart beige and brown dress with a cleverly pleated skirt. Mrs. Johannessen, who was talking to her brother Mr. Hay Edle, wore a

pale shade of blue, a happy choice with her fair colouring. Mrs. Winter was chatting with Mrs. Weldon who wore a dress of vivid print and a gay little brown hat. Mrs. Dalziel wore a smart little blue hat with her dark navy printed silk dress. Mrs. Walker was smart in brown and Mrs. Valentine had an attractive black hat of the halo variety to set off her black outfit. Mrs. Helberg was wearing one of the popular bandeau hats.

Mrs. Donovan, looking exquisitely dressed, was talking to Mrs. Duclos who had an attractive brown ensemble. Mrs. Abbott, vivacious and delightful as ever, wore an original green frock and was talking to Mrs. Alabaster who looked fresh and soignée in black and white. Mrs. McAvoy, who topped off her short beige dress with a smart little navy hat, was talking to a statuesque person in beige lace. In the same party I noticed Miss Gerrard and Mrs. Hamilton. These attractive sisters were as usual immaculately groomed and were in different shades of brown. Mrs. Bousfield came on late with her husband from polo.

## "SPIRITUAL MOBILIZATION"

(October 3, 1937)

There is a great game going on just now in Japan which seemingly demands of its organisers a considerable amount of moral turpitude of which there is no dearth in that particularly unblest part of the universe. This game is euphemistically termed the Spiritual Mobilization Scheme, and if Japan would conscientiously apply the desiderata of this very noble moral programme to itself then this hideous undeclared war would terminate almost immediately. But this latest venture of Japan's ruthless leaders merely affords yet another miserable example of the prostitution of good in the cause of evil.

It was about a month ago when the Government of Japan convened a meeting of all the spiritual leaders of that nation for the purpose, so it was most politely and inaccurately announced, of marshalling all the moral forces in this campaign of "chastisement" against the inoffensive and peace-desiring Chinese. Actually the purpose of that meeting was to let the spiritual leader know in no uncertain manner that they were to be recruited, forcibly if necessary, as part and parcel of the propaganda machine which functions for the negation of Truth.

Since that momentous meeting at which, of course, there was unanimity with the Government in its characteristically nefarious scheme, the so-called spiritual leaders have been devising ways and means for implementing the policy as commanded by their masters. The result of their labours has just been disclosed in a memorandum wherein are itemised the objectives as fixed by the Japanese Government for this nation-wide scheme of moral regeneration.

We commend the genuine sentiment of the objectives to everyone, particularly the leaders of Japan. To any nation imbued with a sense of honour unto itself and an appreciation of its responsibility to other nations in the worthy matter of furthering the common happiness of mankind, then this programme of spiritual mobilization could sweep the universe with the glowing power of a dynamic evangel to great and good purpose. But, twisted to serve the ignoble designs of the military terrorists of Japan, this scheme becomes a shameful travesty on morality.

Such moving exhortations as, "Cultivation of the spirit of perseverance," "Training of mind and body so as to stem sufferings and privations," and "Promotion of faithfulness in the discharge of one's duties," are liberally sprinkled over this touching memorandum. But the one that appeals to us most of all is this, "Cultivation of the spirit of mutual aid among neighbours." Coming from the masters of Japan that is certainly rich; over-proof in fact. We most earnestly commend to the people of Japan the cultivation of that, precept to the exclusion of all the rest, though all of them are pretty good. However, that one about neighbourliness is very well worth while, and Konoye & Company Unlimited should start at once to take lessons so that they may be equipped to teach the people. At present it seems to us that their ignorance in regard to the first principles of decent conduct towards neighbours is abysmal.

Almost last on the very long list of "what to do" is a piece of advice which we ourselves have received on many, many occasions—notably during those trying days of adolescence when we were being reared on porridge and the Shorter Catechism. It is thus given in the Japanese memorandum on spiritual regeneration:—"Frugal use of money."

Desirable as is the practicing of that principle personally, it is generally acknowledged that it is even more than desirable nationally. Perhaps Japan's militaristic rulers could not refrain from the merest sensation of a smile—a sort of contortion of the features—when they "framed" this particular part of the spiritual ultimatum to the over-taxed masses. "Frugal use of money"—and in the face of that they indulge in an orgy of extravagance sufficient to make a prodigal maniac wince or blush or both.

It is generally estimated that already the murderous and strategically futile raids on Canton must have cost the Japanese at least \$2,000,000 yet they have the characteristically cool and contemptible insolence to demand of their masses, millions of whom are slaving below the rice-line level, to exercise frugality whilst they add to the mounting misery of their fellow citizens by augmenting still further the already overpowering national debt to satisfy their gluttonous policy of unprofitable territorial aggrandisement.

From the leaders of any other nation, this spiritual mobilization would seem good and right and proper. Coming as it does from the leaders of Japan it is nothing short of blasphemy.

### FRENCH GRAND PRIX RACE

Berlin, Oct. 3.  
On two occasions, in 1928 and 1929, a German racehorse has tried to win the Prix de l'Arc de Triomphe, the most coveted trophy of the Paris autumn races.  
Oleander was the horse but on both occasions it failed, gaining fifth and third places.  
Now, tomorrow (Sunday), another famous German horse will try for the trophy.  
This is the renowned Sturm-vogel, Oleander's son.  
German racing circles are confident of victory, though the opposition includes famous French horses.  
It will be Sturm-vogel's last race, as is the case also with Corridas, the other favourite, both of which will be put to stud.—*Frankfurter*.

### S.A. RUMJAHN BEATEN

S. A. Rumjahn was beaten, 6-4, 10-8, 6-2, by Tsui Wai-pui, a member of last year's China's Davis Cup team in the Hardcourt championship of the Colony yesterday.  
The match, which was played at the U.S.R.C. was watched by a large gathering, who were treated to exceedingly good tennis, both players putting up a display worthy of their reputations. There were numerous long rallies in which drive was matched with drive, punctuated now and then with brilliant drop shots, mostly by Tsui.  
On yesterday's play, Tsui was undoubtedly worthy of his victory, but must be conceded that Rumjahn was a gallant loser.

## HARDCOURT TENNIS CHAMPIONSHIP

### Tsui Wai-Pui Successful With Both Titles

#### RUMJAHNS DEFEATED

Tsui Wai-pui, the youthful Chinese Davis Cupper, who on Saturday won the first Hardcourt Tennis Singles championship of the Colony, yesterday annexed the Doubles title. Partnered by W. C. Hung, the Chinese pair defeated H. D. Rumjahn and S. A. Rumjahn, grass court doubles champions of the Colony, 6-2, 6-4, 3-6, 6-3.

Among the large number of spectators present was His Excellency the Officer Administering the Government, Mr. N. L. Smith, accompanied by Mrs. Smith who later presented the trophies.

It was a splendid match and a high standard was maintained throughout. The best player was Tsui whose placing and volleying was a wealth of points. Hung put in a few good smashes and occasionally did good work at the net. The Rumjahn cousins displayed their usual understanding. H. D. being particularly outstanding with his lobbing. Both, however, did not obtain full measure of success with their driving.

In the first set, Tsui and Hung took the lead 4-1 and eventually ran out winners at 8-2. Down 3-1 in the next set the Rumjahn cousins pulled up to 4-3 but only added another game before the Chinese

Recreation Club pair succeeded in winning 6-4.

In the third set, the Rumjahn rallied to win after nine games. Thereafter Tsui and Hung became masters of the situation after leading 4-2 won the fourth set at 6-3. At the conclusion of the game, Lieut-Col. L. C. Reid, M.B.E., M.C., President of the United Services Recreation Club, under whose auspices the tournament was organised, expressed the hope that the Hardcourt Tennis Championship would be an annual feature. He thanked Dr. J. T. Smalley and Mr. R. L. Moncrieff for their kind donation of cups for the winners and runners-up.

## CRICKET LEAGUE FOR THE SCHOOLS

### Meeting To Be Called In Near Future

BY "L.B.W."

LOCAL CRICKETERS IN GENERAL AND SCHOOLBOYS IN PARTICULAR, WILL BE INTERESTED TO HEAR THAT THERE IS A MOVEMENT AFOOT TO ORGANISE A HONG KONG SCHOOLS' CRICKET LEAGUE. THE WELL-KNOWN FIRM OF SPORTS OUTFITTERS, MESSRS. MAMAK & CO., HAVE GENEROUSLY PROMISED TO PUT UP A SHIELD FOR COMPETITION, AND WHEN ASKED WHETHER HE HAD ANY OBJECTIONS AGAINST THE FORMATION OF SUCH A COMPETITION, MR. W. KAY, THE ACTING DIRECTOR OF EDUCATION, INTIMATED THAT HE FELT THAT A SCHOOLS' CRICKET TOURNAMENT WOULD BE VERY DESIRABLE. THE DIFFERENT SCHOOLS ARE BEING INVITED TO ATTEND A MEETING, TO BE CALLED VERY SHORTLY, TO DISCUSS THE DESIRABILITY OR OTHERWISE OF RUNNING SUCH A COMPETITION.

Personally I think that it would be a step in the right direction for these inter-school league matches would give the boys what is commonly described as "match experience" and it is getting to be more and more apparent that while it was not so much the case in former years, the different clubs in Hong Kong are now looking to the schools as nurseries.

As far as I have been able to ascertain, cricket is played at the following schools: Queen's College,

## "A WEALTH of HEALTH"

"I mean to express with all my heart that your Kalzana has given wonderful results in my little girl, who was ailing for some time," writes a grateful mother.

If your  
Child is ailing then  
give it Kalzana

If any of your children are delicate and irritable, suffer from delayed teething and weak bones, it is more than probable that a lack of minerals is the cause of the trouble.

Give your children Kalzana tablets or powder for a few weeks and you will soon see the difference in their health. It strengthens the cells of blood, body and nerves, increases the power of resistance and makes bones strong, and teeth white and healthy.

Give Kalzana to the grown-up members of your family, and they, too, will enjoy continual good health.

# Kalzana

THE MINERAL FOOD FOR BETTER HEALTH

Obtainable at all Chemists in tablet and powder form.

Kalzana Tablets are sold in bottles of 75s and 45s. Kalzana is the most economical of all calcium preparations.

FRANCO-BRITISH  
DESIREFor Regulation Of  
Mediterranean  
Question

London, Oct. 2.

The important joint Anglo-French Note to Italy regarding Spain and the Mediterranean had not been handed in late last night. In spite of earlier official reports that it would be delivered in Rome some time on Friday.

Well-informed quarters now state that the Note will be handed in some time at the beginning of next week.

It is believed that the delay was caused by the inability of Paris and London to come to agreement on the exact final wording of the Note.

France is said to have insisted that the threat be expressed that unless negotiations for withdrawal of foreign volunteers from Spain can be satisfactorily completed, she intends to open the Pyrenean frontier, while Britain is said to be intent not only on avoiding a tone of sharpness but of retentive her willingness to recognise both Spanish parties as belligerents as soon as the volunteer question is settled.

It is emphasised in London that solution of the volunteer question will be the main topic of the Note, which, however, will also include a statement on Franco-British desire for regulation of the Mediterranean question.

Political circles in London are of the opinion that definite light will have been shed upon the entire complex problem by the middle of next week.

## ITALY'S ATTITUDE

Rome, Oct. 2.

Political circles in Rome take it for granted that the Italian Government will decline the invitation contained in the joint Anglo-French note to take part in Three-Power talks on Spain.

It is believed that Italy will base its refusal on the fact that the non-intervention committee had been appointed to examine this question in all its aspects.

Italy, it is emphasised, is still ready, as it has always been, to discuss the matter, but takes the view that the committee should finish the work already begun by it.

It is also stressed that the Italian Government desires that the Spanish problem be discussed in co-operation with Germany and that the form of negotiation discussed by Britain and France would be incompatible with this wish.

GENERAL FRANCO'S  
WILLINGNESSTo Accept Demand Of  
Powers

Paris, Oct. 1.

According to a report from St. Jean de Luz, it is stated that General Franco, leader of the Insurgent troops in Spain, is about to inform Britain, France and Italy of his willingness to agree to the complete withdrawal of volunteers from both sides.

During the past few days France and Britain have renewed their demands that volunteers be withdrawn, threatening the opening of the French frontier to Leftist sympathisers. The League of Nations has threatened to terminate the non-intervention policy.

Complicated System  
Of Defence

Valencia, Oct. 2.

A huge land-mine, compared by the mine laid by the British at Vimy Ridge during the Great War, was exploded by the Nationalists at Barlouera yesterday.

The mine, admits a Government communique, had been preparing for weeks and the detonation blew to smithereens a complicated system of defence which had been holding up the Nationalist advance.

OF COLOURSBoy Scouts Group of  
Seafarths

The Hong Kong Union Church was the scene of a parade of scouts and cubs of the Third Hong Kong (First Seafarth Highlanders) Group yesterday afternoon, when G.S.M. Edmondston, who will shortly be leaving for the United Kingdom, presented to the First Seafarth Highlanders Group, the Group flag.

Presentations were also made in the form of scout pictures to three Scouts and a Cub who are going Home this month.

Assistant Commissioner C. Champkin, on behalf of G.S.M. Edmondston, handed the Group flag over to the Group and also mementos to the Scouts and Cubs on behalf of the Scouters concerned.

Mr. Champkin, in the course of his address to the Scouts, said the traditions of the Regiment were behind the colours and expressed the hope that they would keep the traditions of their forefathers. He also paid a glowing tribute to Mr. Edmondston who, he said, had done a lot for the Group during his stay in the Colony.

The Fourth Kowloon Garrison Troop was present with their colours. Deep Sea Scouts also attended.

After the parade photographs were taken and tea was served in the Church Hall.

## APPROACH OF BANDITS

Peiping, October 3. British and other foreigners who had been looking forward to the resumption of pony racing at Pao-machang, two miles outside the west wall of Peiping yesterday afternoon, when the meeting, the first since the Lukuchiao incident, was called off at the last minute owing to a report that Chinese bandits were approaching from the western hills.

However, a few owners held impromptu races in defiance of danger. Japanese aircraft were observed flying over the area where the presence of the bandits was reported, and the British Consul has posted notices on the gates of the city, warning Britons not to visit the western environs of Peiping for the next few days in consequence of the approach of the bandits.

Peiping: Following their advance into Shantung, the Japanese troops clashed yesterday morning with the Chinese troops entrenched three miles north of Tehchow and fighting continued all day long. Up to the present only a handful of Japanese have penetrated into Shantung, for the purpose of testing the strength of the Chinese in that sector.

Recent reports estimated that there are about 80,000 Central Government troops in that province.

## ACTS OF TERRORISM

Berlin, Oct. 3. German quarters deny reports appearing in the London "News-Chronicle" that Jews are released from concentration camps in Germany provided they undertake to leave the country immediately after their liberation.

It is pointed out that releases from concentration camps are by no means exceptional and that Jews who desire to emigrate are released if there are no serious objections to setting them free.

In the case of those found guilty of acts of terrorism or other dangerous activities a mere promise to go abroad does not suffice to obtain their release.

The decision in each individual case is taken by the authorities according to the circumstances.

Another assertion by the "News-Chronicle" that concentration camps are full to overflowing, is also denied.

It is stated there is plenty of room in the camps as many releases have been effected.

## If Gossip We Must

(Continued from Page 1)

The dance floor art was delightfully cool and many people took advantage of the excellent band provided. One of the most ardent dancers was a lady whose voluptuous pink chiffon, velvet pyjamas aroused a good deal of excited interest.

The Captain and Officers were indefatigable in their efforts to see that everyone was happy, and the staff of stewards were magnificent in their cheerful and tireless service.

A party on such a gigantic scale calls for enormous organisation and the fact that this one went with a swing from the word go is a fine tribute to those responsible. When I left at 8.30 p.m. there were still crowds of people sitting about with that pleased and settled look which bespeaks appreciation of excellent entertainment.

U.S. TO NEW  
ZEALANDAir Service In  
December

(From A Special Correspondent)

Auckland.

Pan-American Airways will begin a regular service across the Pacific between Alameda Airport, near San Francisco, and Auckland at the end of December, stated Mr. Harold Gatty, who arrived aboard the Mariposa to reside in Auckland as the company's representative.

He said that two more survey flights will be made this year in December. The first plane would arrive in New Zealand in the first week of December, and the Pan-American Airways would begin the running of their regular service before the end of December.

At the start, a 542B Sikorsky clipper, similar to the one in which Captain Musick made the first survey flight, would be used on the service. There would not be much equipment for passengers, only freight and mail being carried.

One plane would be used with a fortnightly service, and a spare plane would be kept at Honolulu.

## GIANT BOEING PLANES

For later service, a giant 40-ton Boeing, which was now being constructed, would be used. The first of these would be ready in January, but it might be March or April before it would be used on the service. The Boeings were twice the size of the Sikorsky, and would be the biggest planes in the world, and would carry 40 to 60 passengers.

"I brought back with me concrete plans for the establishment of a base here, and for the floating equipment that would be needed for construction work here," said Mr. Gatty. "And men will be coming on the next ship, or possibly the next trip of this ship to supervise the construction of the base and to act as personnel."

"Plans are also being prepared for radio stations and the building of bases at Kingman Reef and Pago Pago.

"We will use local labour and materials as much as possible," he added.

Discussing recent cables from American sources hinting that Pan-American Airways had decided to abandon the idea of bases at Jarvis Island and Howland Island, and possibly the trans-Pacific service altogether, because of the dangers revealed by the loss of Miss Amelia Earhart (Mrs. Putnam), Mr. Gatty said that it had never been planned to use them.

The flight by Miss Earhart had no connection with his company's plans.

NATIONALISTS BOMB

Barcelona, Oct. 3.
